AMENDMENTS TO THE DRAWINGS

Amendments to the Drawings:

The attached replacement drawing sheets make changes to all of the figures by improving the style of the figures over there originally submitted form, changing the numbering of the figures (more than one figure was associated with a single figure number in the original submission), and removing excessive text (long captions/descriptions) from some of the figures (e.g., Fig. 1). No new matter is entered by these amendments. As the Office has not required it, a separate annotated (marked-up) sheet showing changes to the drawings has not been provided.

Attachment: Replacement Sheets

REMARKS

This application went unintentionally abandoned for failure to respond to the Notice of Missing Parts mailed on September 21, 2004. A Petition to Revive the application is submitted concurrently herewith, along with a Reply to the Notice to File Missing Parts. The Notice to File Missing Parts requires new drawings due to excessive text. The present amendments to the drawings are believed to address these issues and make other changes that improve the application.

In view of the above, it is respectfully submitted that the application is in condition for issue. Early action to that end is respectfully requested. The Commissioner is hereby authorized to charge any fees in connection with this application and to credit any overpayments to Deposit Account No. 14-1447. The Examiner is invited to contact the undersigned by telephone if there are any questions concerning this amendment or application.

Respectfully submitted,

Date: June 21, 2005
